

UFK 949R - For Sale

1977 VW T2 2.0 petrol early Bay Window Westfalia Berliner camper. This camper started its life in Germany and was imported to the UK in 2003 hence she is left hand drive. According to the V5, I am the third owner from new and we have spent the last few years restoring her and enjoying weekends away.

I have the original registration sheet from Germany where she was first registered on the 25th January 1977. Registered in the UK on the 01st April 2003, she came to us in April 2005 when she was full Taiga green but we took the opportunity to remove the spare wheel box from the front and brightened up her top with old English white during the re-spray in 2011.

Internally she has many original features including a two ring gas hob and sink, integral fridge, $\frac{3}{4}$ width rock and roll bed, a Trumatic SB1800 heater, island table, rear window fly screen and a captain's stool. A rear hinged Westfalia pop top is fitted, the front passenger seat swivels, rear seatbelts are fitted (3 off) and the tyres have lots of tread left. Stored under a custom made Protec cover for each winter. Current mileage is 120000 miles. I have a full MOT history since 2005 and lots of other receipts to show her history.

- 30/11/01. Replace passenger side drive shaft joints
- 3/10/03. Fit carburettor kit
- 17/10/03 Replace heat exchanger
- 28/8/03. Clutch cable
- 17/07/03. Distributor & ignition pack
- 30/10/03. Replacement alternator
- Feb 2004. New clutch
- 06/08/04. New fuel pump
- 23/05/05. Fit rear seat belts
- 27/2/09. Wheel bearings and welding near jacking point
- 16/04/10. Under seal applied
- 31/7/12. Front brake discs replaced

Just passed the MOT in June 2016 with no advisories, she is fun to drive and in very good condition throughout.
